

## The text

Hi! I'm Mary and I live with my family in a big house. I'm twelve and I have a younger brother, Tom. He's eight. My mum is a nurse, she works in a hospital. She usually works at night. She doesn't have enough time to do the housework so my dad often helps her!

He is a vet. He arrives home after 4 pm so he can do a lot of things in the house.

Every evening he cooks the dinner. My brother and I help him. We set the table. After dinner, we help him to dry the dishes. Then, we have a bath and dad reads us short stories.

In the morning, mum arrives and makes the breakfast. Tom and I make our beds. Dad takes us to school by car.

On Mondays, we clean all the house. I dust the furniture and dad vacuums the floor. Tom takes the rubbish out and waters the plants. Dad likes cleaning the windows but he hates ironing. He never does it.

At the weekends - when mum doesn't work - we wash the car together and dad mows the lawn. We all like gardening.
